

The Royal Orthopaedic Charity exists to support our patients, their families and carers, as well as provide specialist training, equipment and knowledge to staff at The Royal Orthopaedic Hospital NHS Foundation Trust.

Becoming a corporate charity partner offers an exciting opportunity to engage your customers and colleagues, while helping us to provide world-class care to our patients every day.

Whether you want to get involved for a one off event or a programme of fundraising, our Charity team is also here to help.

WE  
CHANGE  
LIVES

### PARTNERSHIPS MAKE A DIFFERENCE

Corporate partnerships make a real difference to the lives of our patients.

Whether it's employee fundraising, commercial opportunities or one-off events, we'll work with you, alongside your teams, to develop a mutually beneficial partnership.

### WHY PARTNER WITH US?

Becoming a corporate partner of Royal Orthopaedic Charity offers a unique opportunity to engage your customers and staff. Choosing us as your charity partner can have real benefits for your team, including inspiring greater teamwork, motivation and loyalty whilst demonstrating your commitment to your local community.

We have a passionate team who thrive in delivering inspiring corporate partnerships that provide real business benefits such as better staff engagement.

### HOW TO GET INVOLVED

We're always happy to welcome new partners and would love to support you in helping to achieve your fundraising and engagement aims!

A partnership with us could look like 'Charity of the Year', voluntary work in the hospital gardens, or fundraising activities at your offices. You could sponsor an event like our Christmas party, or annual staff awards and help us to generate much needed income for the Royal Orthopaedic Charity.

But these are just a starter for ten. At the end of the day, you know your people better than us – what does fun fundraising look like to them?

*"We are pleased to be working in partnership with The Royal Orthopaedic Hospital and to sponsor the Christmas lights this year. The lights are wonderful, and I hope they continue to bring joy to the hard-working teams at ROH, their patients and visitors, as they have done today." Jonathan Wedgbury CEO Genmed*

Get in touch with the team today, and have a chat with us about your corporate social responsibility (CSR).

*"I lost my son to leukaemia some years ago and after many years of hospital visits, I know how important the environment in children's wards can be. Children's spaces in hospitals are often very busy and frantic and part of our aim is to calm the spaces down so that the children and their parents are less stressed and can engage with the imaging to take their minds of why they are there." Colin Horn, Managing Director of Grosvenor Interiors*
